Sir:

This communication is submitted in response to the Restriction Requirement dated January 25, 2006.

The Applicants hereby elect to prosecute the claims of Group I, claims 1, 2, 7-11, and 19, and SEQ ID NO. 17 within the elected group with traverse. As stated in the MPEP §803, if search and examination of an entire application can be made without serious burden, the examiner must examine the entire application on the merits, even though the entire application includes claims to independent or distinct inventions. It is the Applicants' position that it would not be unduly burdensome to perform a search on all of the claims together in the present application. Accordingly, the Applicants traverse the restriction requirement.

The Applicants expressly reserve the right under 35 USC §121 to file a divisional application directed to the non-elected subject matter or any subject matter disclosed in this application during the pendency of this application.
